PRESIDENT’S GREETING

Dear Dallas Museum of Art League Members,

Happy Spring! I know we are all ready for the warmer weather especially after the ice storm. Our last meeting is in May. Please be sure to tune in. In the meantime, be sure to come back to the Museum.

Hopefully in September, the League will be meeting in person again. I have been so grateful to be your President this year. It has obviously been a very difficult situation due to the pandemic. With the increase in vaccinations, there is a light now at the end of the tunnel.

Get your friends to join the Museum League. We are always looking for new members!

I look forward to seeing you soon.

My Best,

Therese Rourk
President
Dallas Museum of Art League

The Museum will continue to follow enhanced safety protocols and CDC recommendations, including wearing a mask, practicing 6’ social distancing, and limiting capacity. It is our top priority to maintain a safe environment for our community. Effective March 17 our hours of operation will be: Closed Monday-Tuesday; Open Wednesday-Friday, 11:00 a.m.-5:00 p.m. and Saturday 11:00 a.m.-7:00 p.m. and Sunday, 11:00 a.m.-5:00 p.m.

In advance of your visit, you need to reserve a free general admission ticket online.

Dear Members,

As you all know, we have been keeping a close watch on the many movements of the pandemic and how it affects our ability to hold our spring fundraising events, Art in Bloom and Art Ball. We’ve also been looking at other area nonprofits and how they are responding to our current situation with high COVID cases and the slow vaccine rollout.

With all of this information, we have made the difficult decision to cancel both of these spring fundraising events. Thoughtful consideration of all scenarios was made by the event chairs, Staff and Board leadership, and with the health and safety of patrons and supporters top of mind. We all want to ensure guest safety and agreed that postponing these events until 2022 is the most prudent and in the best interest of all involved.

We are deeply indebted to Art in Bloom Chair Sila Grogan and Co-Chair Pat McDonough as well as Art Ball Chair Brian Bolke for their hard work, passion and dedication to both of these fundraisers and look forward to their partnership as we look towards 2022.

Thank you for your continued support! Stay safe and healthy.

Warm regards,

Agustin Arteaga, Ph.D.

Dallas Museum of Art
Van Gogh and the Olive Groves is the very first exhibition dedicated to Vincent Van Gogh’s important olive grove series created between June and December 1889 during his stay at the asylum of Saint-Rémy-de-Provence. Reunited for the first time, the paintings reveal Van Gogh’s passionate investigation of the expressive powers of color and line, and his choice of the olive groves as an evocative subject. Van Gogh and the Olive Groves highlights exciting new discoveries about the artist’s techniques, materials, and palette that emerged from a collaborative conservation and scientific research project covering all fifteen paintings in the series. Co-organized by the Dallas Museum of Art and the Van Gogh Museum in Amsterdam, this groundbreaking exhibition presents new insights into a beloved artist through works drawn from public and private collections.

This exhibition showcases Dalí’s most ambitious illustrated series: his colored wood engravings of the Divine Comedy, an epic poem by the medieval Florentine writer Dante Alighieri (1265-1321). Written in 1320, this timeless text recounts Dante’s journey through the Christian otherworldly realms: Hell, Purgatory, and Paradise. "Dali’s Divine Comedy" displays selected prints from this series that highlight the artist’s distinctive Surrealist interpretation of each realm and how his images interact with Dante’s text.

This exhibition offers a rare opportunity to view 5 exquisite works by Mexican painter Frida Kahlo. Since her death in 1954, Kahlo’s deeply emotional and vibrant paintings have transformed the celebrated artist into a global cultural phenomenon. This installation features four paintings and a drawing on loan from a private collection. Each acting as a vehicle for understanding her unique visual language, her exploration of still life painting late in her career, and her reflection on the events of her adventurous life.

The DMA League Floral Committee has begun enjoying intimate micro-affairs amongst its members. We will return to our work at the Museum in September after our annual Autumn Tea. This year we are happy to welcome Nancy Griggs, a local Ikebana talent to share with us the qualities of harmony, respect, stillness and tranquility wrapped into a Japanese flower arrangement. In the last newsletter, we invited you to send pictures of the florals you have been creating at home and are excited to share a few. We were surprised to see a trend of Asian inspired creativity and wonder if we are all craving simplicity on many levels in life. If you feel you might be catching the “Floral Bug”, email Sue Flynn at sflynn.floralend@gmail.com for information about our group.

Cecy Torres, Education Coordinator for School Programs, reported DISD’s enthusiastic response to our pre-recorded art discussions. Teachers find them easy to use and enjoyable. We will continue creating live virtual tours for higher Ed and adult visitors. Denise Ford will be leading a discussion of Thomas Hoving’s “Making the Mummies Dance”, a memoir of his decade as Director of the Met. Virtual docent share presentations will continue during training sessions.

Carol Resnick has submitted our Docent Database plan to the National Docent Forum. It will be published in the national newsletter soon.

Inspiring stories featuring fifteen women artists who created monumental artwork, often in spite of daunting odds. A richly illustrated book, We Are Artists celebrates the life and work of women from around the globe who made a difference in the world of art. Painters, sculptors, printmakers, illustrators, designers, and craftswomen are included. Presented as a collection of biographical stories, each section reveals how that artist’s unique approach and perspective provided art and society with new ways of seeing things. This book is for young readers but any age will find it enlightening.
